

Every Day Counts!

Thanks for taking the pledge!

Here are the top four things YOU can do to make a real difference:

- **Engage Your Community.** Reach out to your networks – your neighbors, congregations, and customers – to provide support and encourage families and students to make attendance a priority.
- **Share Your Every Day Counts! Story.** Use #EveryDayCounts on social media to share the importance of attending school every day.
- **Show A Student You Care.** It just takes one person to make a difference. Develop a relationship with a young person in your community, and check-in with them to make sure they are making every day count in school.
- **Be Your Neighbor's Back-Up Plan.** If your neighbor has something urgent come up, offer to provide back-up support if needed.
